I. **Roll Call**
   **Members Present:**
   - Dennis E. Clifton
   - Jeff O. Estabrook
   - George E. Killian
   - Patrick B. Leddy, Vice-Chairman
   - Cataldo A. Leo
   - David Miller, Chairman
   - Christopher P. Reed

   **Others Present:**
   - Jim Wonder, Planning Department
   - Doug Clark, Douglas County Health Department

   Mr. Miller called the meeting to order at 9:00 a.m.

II. **Election of Officers**

   Motion by Mr. Leddy to nominate David W. Miller as chairman of the Plumbing Board. Seconded by Mr. Leo.

   AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed

   Motion carried 7-0

   Motion by Mr. Killian to nominate Patrick Leddy as vice-chairman of the Plumbing Board. Seconded by Mr. Clifton.

   AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed

   Motion carried 7-0

III. **Approval of Minutes**

   Mr. Estabrook made a motion to approve the minutes from the February 11 meeting. Seconded by Mr. Leddy.

   AYES: Clifton, Estabrook, Leddy, Leo, Miller, Reed

   ABSTAIN: Killian

   Motion carried 6-0-1
IV. *Cases

9-1-5 From 1/14/09
Chad Rowley
Hydrologic
11621 Centennial Road
LaVista NE 68128

REQUEST: Approval of a 4 hour continuing education class.

Chad Rowley was not present; the Board was notified before the meeting that Mr. Rowley was unable to attend.

Mr. Miller stated that Mr. Rowley was to have been placed on the February 11 agenda, but was inadvertently omitted from that agenda. At their February 11 meeting, the Board was made aware of Mr. Rowley's situation and agreed that they would grant Mr. Rowley 4 hours of continuing education at their next meeting in order to allow Mr. Rowley to hold his class as scheduled. This class took place on February 18th.

Mr. Miller suggested that since Mr. Rowley was unable to be in attendance, this case should be held over to the next meeting of the Board, in order to allow Mr. Rowley time to appear before the Board and give them more information on the class. This would also allow Mr. Rowley to become an Approved Provider and/or Instructor.

Mr. Leo stated that since Mr. Rowley submitted his application before the new policies were put into place, he should not be held to the new policies. The agenda submitted was viewed by the Board and was found to be acceptable at that time.

Motion by Mr. Leo to approve four hours of continuing education credit. Seconded by Mr. Killian.

AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed

Motion carried 7-0

9-1-19
Jim Wonder
City Planning Department
1819 Farnam Street, Suite 1111
Omaha NE 68183

REQUEST: Application to become Approved Provider. Application to become Approved Instructor.

January 28, 2009

Jim Wonder appeared before the Board, requesting to become an Approved Provider and an Approved Instructor as outlined in the revised Omaha Plumbing Board Policies.
Due to the fact that the previous case, 9-1-18, is to be held over to the February 11 meeting of the Plumbing Board, Mr. Reed inquired whether Mr. Wonder’s application should be held over to the following meeting.

Mr. Wonder asked to provide examples of what he believed those applying to become an Approved Provider or an Approved Instructor should provide to the Board in order to prove their qualification to teach others.

Mr. Wonder stated that he has prepared a list of professional qualifications, which includes his years in business, and his service on the Plumbing Board from 1982-1985; and again from 1988-1992. He has overseen and been a part of code changes in Omaha since 1993. Mr. Wonder has also been approved by the State of Nebraska as a certified instructor for Grade VI Water Operator. Mr. Wonder served on the committee that developed the examination for Grade VI Water Operator.

Mr. Wonder also offered samples of the overhead pages he uses in his classes; including a list of all of the machinery and equipment he regularly uses in his presentations. Additionally, Mr. Wonder stated that he has agendas for his courses.

Mr. Wonder stated that applicants who can prove their experience could, under the proposed changes to the Plumbing Board policies, be approved for the span of one year. They may hold as many classes on their approved subject during that year’s time as they would wish.

Mr. Wonder stated his willingness to observe those who wish to be approved to teach the Plumbing Code in order to ensure that those teaching theory have a thorough knowledge of the code.

Motion to hold this case over to the February 11, 2009 meeting of the Plumbing Board by Mr. Estabrook. Second by Mr. Leddy.

AYES: Estabrook, Leddy, Miller, Reed

Motion carried 4-0

February 25, 2009

Jim Wonder appeared before the Board and requested that this case be held over to the February 25 meeting of the Plumbing Board.

Motion to hold this case over to the next meeting by Mr. Reed. Seconded by Mr. Clifton.

AYES: Clifton, Estabrook, Leddy, Leo, Miller, Reed

Motion carried 6-0

February 25, 2009
Jim Wonder appeared before the Board and requested to be approved as a Provider and Instructor. He offered to the Board a list of the eight different categories that he wished to be approved for. This list is as follows:

<table>
<thead>
<tr>
<th>Type of Classes</th>
<th>Hours of Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>Omaha Plumbing Code</td>
<td>Up to 8 hours</td>
</tr>
<tr>
<td></td>
<td>Mr. Wonder stated that he is requesting approval of classes up to eight hours in length.</td>
</tr>
<tr>
<td>MUD Water Rules and Regulations</td>
<td>4 hours</td>
</tr>
<tr>
<td></td>
<td>Mr. Wonder stated that MUD water rules and regulations parallel the Omaha Plumbing Code, which he is also qualified to teach.</td>
</tr>
<tr>
<td>ADA Rules</td>
<td>4 hours</td>
</tr>
<tr>
<td></td>
<td>Mr. Wonder has given numerous classes in regards to ADA regulations. He offered to the Board examples of Power Point presentations that he uses in these classes.</td>
</tr>
<tr>
<td>Plumbing Theory</td>
<td>4 hours</td>
</tr>
<tr>
<td></td>
<td>Mr. Wonder stated that he is requesting approval of classes up to four hours in length.</td>
</tr>
<tr>
<td>Grade VI Water Operator’s License</td>
<td>32 hours</td>
</tr>
<tr>
<td></td>
<td>Mr. Wonder has been certified by the State of Nebraska to teach Grade VI Water Operator classes.</td>
</tr>
<tr>
<td>Grade VI Water Operators CEU</td>
<td>3 to 5 hours</td>
</tr>
<tr>
<td></td>
<td>Mr. Wonder has been certified by the State of Nebraska to teach Grade VI Water Operator classes.</td>
</tr>
<tr>
<td>Sewer Layer Classes CEU</td>
<td>4 hours</td>
</tr>
<tr>
<td></td>
<td>Mr. Wonder has taught Sewer Layer CEU classes in the past, and offered for the Board’s viewing copies of the manuals/Power Point presentations that he routinely uses in these classes.</td>
</tr>
<tr>
<td>Private Septic System</td>
<td>4 hours</td>
</tr>
<tr>
<td></td>
<td>Mr. Wonder stated that this is a new license available through the State of Nebraska. Mr. Wonder intends to become certified through the State to teach this subject.</td>
</tr>
</tbody>
</table>

Mr. Miller stated that Mr. Wonder was well-qualified to teach the above subjects, and stated that he would entertain a motion to approve Mr. Wonder as both a Provider and Instructor for the above subjects.
Mr. Killian inquired as to whether Mr. Wonder planned to teach any other types of classes this year, or if this was a complete list for the 2009 calendar year. Mr. Wonder replied that he may teach a math class for plumbers at some point during the year.

Mr. Leo inquired as to whether or not Mr. Wonder intended to teach classes for lawn sprinklers. Mr. Wonder replied that although he does speak at lawn sprinkler classes, he usually is speaking about the Omaha Plumbing Code, which is included in the above list.

Mr. Wonder offered to the Board a resume outlining his experience and certification to teach the requested subjects. He also offered a list of the equipment he uses during his classes, such as computers, overhead projectors, slides, etc. Additionally, Mr. Wonder presented to the Board a list of class dates, which will be posted on the Plumbing Board website if approved.

Mr. Leddy inquired as to how Mr. Wonder plans to advertise the requested classes. Mr. Wonder stated that he supplied the Secretary with a list of class dates which will be posted on the Plumbing Board website; additionally, Mr. Wonder will keep the Secretary informed of any additional classes he might wish to hold throughout the year. These additional classes will also be posted on the Plumbing Board website.

Motion to approve Jim Wonder as an Approved Provider and Instructor for the above-listed subjects, and to approve the classes listed by Mr. Reed. Seconded by Mr. Estabrook.

AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed

Motion carried 7-0

9-2-32
Travis Meyer
StoreVisions, Inc.
3802 N 161 AV
Omaha NE 68116

REQUEST: Waiver to allow unisex restroom

Mr. Estabrook abstained from voting on this item, due to the fact that his company was involved in preparation of drawings for the property.

Travis Meyer appeared before the Board requesting a waiver to allow a unisex restroom. Mr. Meyer stated that the property in question is a store that is going to be put in at the new Aksarben Village development. This is a small business, and will operate this business sells fruit smoothies, and although they may have a small amount of pre-packaged food (such as muffins or fruit snacks) for sale to customers, the store does not prepare food.

Mr. Reed inquired as to the total square footage of the building. Mr. Meyer replied that the total square footage of his store was 900 (or 15’x60’). He plans to have no more than two employees on site.

Mr. Wonder reminded the Board that the Board has reviewed similar cases and granted this waiver in the past for existing, older buildings. This building is new construction.
Mr. Killian suggested that Mr. Meyer may be able to install two unisex restrooms in the space, of which one will be for public use and one for employees only. This would allow future owners to have the required separate facilities for men and women. Mr. Killian also suggested the possibility of roughing in plumbing so that another restroom could be added in the future should Mr. Meyer sell the store space to a new occupant.

Mr. Reed stated that although Mr. Killian posed a good idea in suggesting the two unisex restrooms, Mr. Reed still felt that there was a hardship evidenced by the lack of space.

Motion to approve waiver by Mr. Reed. Seconded by Mr. Leo.

AYES: Clifton, Killian, Leddy, Leo, Miller, Reed

ABSTAIN: Estabrook

Motion carried 6-0-1

9-2-33
Theresa Ptacek
ABC Education Center
2602 Hamey Street
Omaha NE 68131

REQUEST: Application to become Approved Provider.
Application to certify Scott Dai as Approved Instructor for Apprenticeship Training.
Approval of four 3 hour continuing education classes for ABC students only, to meet 576 hour education requirement.

49-215

Theresa Ptacek with ABC Education Center and Scott Dai with ServiceOne appeared before the Plumbing Board. Ms. Ptacek explained that ABC Education Center wishes to be approved as a Provider for continuing education classes. ABC is also requesting that Scott Dai be certified as an Approved Instructor. Lastly, ABC Education Center wishes to hold a series of continuing education classes for apprentice plumbers who are missing part of their 576 hours of required education due to transfers to Metro Community College, etc.

Mr. Wonder reinstated the fact that Ms. Ptacek’s request was for missing required education hours, not continuing education hours.

Ms. Ptacek offered to the Board copies of Scott Dai’s credentials, including a certificate from The National Center for Construction Education and Research. Mr. Dai is certified as a plumbing craft instructor.

Motion to approve ABC Education Center as an Approved Provider by Mr. Leo. Seconded by Mr. Clifton.

AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed
Motion to approve Scott Dai as an Approved Instructor, to teach Plumbing Code, MUD Water Rules and Regulations, and Plumbing Theory by Mr. Killian. Seconded by Mr. Reed.

AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed

Motion carried 7-0

Lastly, Ms. Ptacek and Mr. Dai requested approval of four 3 hour classes, to take place on March 11, 18, and 25 and April 1, 2009. These classes are proposed to allow apprentices to make up missing required education hours.

Mr. Wonder queried as to how the Board would know the difference between those taking these classes for continuing education hours and those wanting to make up for missing required education. The Board Secretary stated that case 9-2-33 dealt only with those wishing to take ABC’s proposed class for required education hours. The request to allow attendance for continuing education will be heard in the next case, No. 9-2-34. This results in having separate sign in sheets, which will allow the Board to know who took the classes for continuing education, and who took the classes in order to make up for missing required education hours.

Motion to approve four 3 hour classes for students wishing to make up required education hours for their apprenticeship training by Mr. Leo. This class is not approved as a continuing education class. Seconded by Mr. Estabrook.

AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed

Motion carried 7-0

Theresa Ptacek
ABC Education Center

REQUEST: Approval of four 3 hour continuing education classes.

Theresa Ptacek with ABC Education Center and Scott Dai with ServiceOne appeared before the Plumbing Board. Ms. Ptacek and Mr. Dai requested approval of four 3 hour classes, to take place on March 11, 18, and 25 and April 1, 2009 for continuing education hours.

Motion to approve by Mr. Reed. Seconded by Mr. Killian.

AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed

Motion carried 7-0
Jamie Bevers and Tom Bosshardt with the Nebraska Propane Gas Association appeared before the Board requesting to become an Approved Provider, to certify David J. Anderson as an Approved Instructor, and request approval of their annual certification classes for propane piping, propane system inspection and Code requirements.

Mr. Wonder stated that although gas piping is not specifically mentioned in the Plumbing Code, the Board has approved this class in the past based on the view that training in propane systems is beneficial to plumbers. Ms. Bevers added that those involved in maintaining systems are required by the Fire Marshall to have training in propane specific systems every three years.

Mr. Miller stated that according to their application, the Nebraska Propane Gas Association is planning to hold classes in Lincoln, Lexington, Norfolk, North Platte and Omaha. The Omaha class will be held in the new Johnstone Stockyards building, and lunch will be provided. There will be a fee of $75.00 to attend the class, and attendees will have the option to purchase a Code book at that time. Attendees will receive a certificate of completion at the end of the class.

Motion to approve the Nebraska Propane Gas Association as an Approved Provider to approve David J. Anderson as an Approved Instructor in propane piping, propane system inspection and Code requirements and to approve four hours of continuing education credit as requested by Mr. Reed. Seconded by Mr. Killian.

AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed

Motion carried 7-0

Terry Vail with Region 12 American Backflow Prevention Association appeared before the Plumbing Board requesting that Region 12 American Backflow Prevention Association become an Approved Provider and to request approval of their classes for the 2009 calendar year. The State of Nebraska has approved this class for six hours of credit; Mr. Vail requested five hours of continuing education credit from the Plumbing Board.
Terry Vail, Rich Koenig, Jim Wonder, Jim Bewley, and Jim Parzycki will be instructors at their upcoming 21st Annual Cross Connection Control Workshop, to take place on March 12, 2009 in Kearney, Nebraska. Mr. Vail requested that the Board certify the above individuals as Approved Instructors. There will also be an additional instructor teaching Heating/Cooling System Protection; Mr. Vail will supply this person’s name to the Board Secretary after the meeting. At this time, all of the above individuals have been approved by the State of Nebraska as instructors.

Mr. Vail offered to submit to the Board Secretary professional biographies for each instructor before the class date of March 12.

Motion to approve Region 12 American Backflow Prevention Association as an Approved Provider, to approve Terry Vail, Rich Koenig, Jim Wonder, Jim Bewley, Jim Parzycki, and the afore-mentioned additional instructor as Approved Instructors in Backflow Prevention, and to approve 5 hours of continuing education as outlined in Mr. Vail’s application and agenda by Mr. Killian, contingent upon receipt of additional information as stated above by the Board Secretary. Seconded by Mr. Reed.

AYES: Clifton, Estabrook, Killian, Leddy, Leo, Miller, Reed

Motion carried 7-0

REQUEST: Waiver of fixture count requirement.

Mira Theisen with Sink Combs Dethlefs Architects and Lennis Pederson with Creighton University Facilities Management appeared before the Board requesting a waiver of fixture count requirement.

Mr Wonder stated that the subject property is a student recreational facility. In the past, other types of fitness centers have appeared before the Board; Mr. Wonder stated that this facility differs in that it is not open to the public. This facility is for students of Creighton University, and those using the facility will make use of the locker rooms, or will return to dorm rooms after working out.

Ms. Theisen presented to the Board a large diagram showing the layout of the Ryan Center Facility. Based on the square footage of the area, this first floor is missing one water closet and one urinal. Sink Combs Dethlefs Architects is requesting permission to count fixtures in a family use restroom located on the same floor towards the required fixture count for the first floor. Much of the area on the first floor is taken up by a practice field.

The second floor of the facility is missing one water closet. Ms. Theisen stated that second floor track area was not counted in their calculations towards fixture count requirement. Additionally, the footprint of each piece of equipment was removed from the calculation of square footage. The second floor is short one water closet for men and one water closet for women.

Mr. Wonder stated that the Plumbing Division opposed allowing the family use restroom fixtures to make up the deficit on the first floor of the building. Mr. Wonder asked that the Board not allow the family use fixtures to count toward the missing fixtures on the first floor. He recommended that the Board allow a
Motion by Mr. Killian to grant a waiver of one water closet or urinal for men and one water closet for women on the first floor of the building, and a waiver of one water closet or urinal for men and one water closet for women on the second floor. No waiver is granted for the third floor of the building, as it meets fixture requirements. Seconded by Mr. Clifton.

VII. Discussion

VIII. Executive Session

At 10:29 AM, Mr. Miller requested that the Board go into executive session to grade plumbing examinations.

Motion by Mr. Reed to go into executive session. Seconded by Mr. Leo.

Board went into executive session at 10:31 AM.

IX. Adjournment

Plumbing Board adjourned by mutual consent at 11:30 AM.

* Applicant must be present at meeting

A full, continually current agenda is available for public inspection in Room 1110 of the Omaha/Douglas Civic Center during normal business hours.
The Omaha Plumbing Board reserves the right to modify the agenda at the public meeting.
If alternative (tape) to the agenda is needed, please advise Jim Wonder. A 72-hour notice is required.

Applications for the meeting to be held at 1:30PM on Wednesday, March 11 are due no later than 9:00am on Thursday, February 25.
