V. Cases

11-7-66
Tom Meginnis
Quest Construction Co.
14939 Industrial Rd
Omaha NE 68144
REQUEST: Waiver to allow the installation of a private well.
Location: 4427 S 187th St
49-1510

No one appeared in support of this request.

Randy Nickeson of the Douglas County Health Department stated that his department issued a well permit to this applicant on June 7th. Following the issuance of this permit, the Metropolitan Utilities District notified the Board Secretary that they were in opposition to this request. Mr. Miller suggested that this item be held over to the August 10th meeting of the Board in order to allow Mr. Meginnis another chance to appear.

Motion to hold this case over to the August 10th meeting by Mr. Estabrook. Second by Mr. Salem.

AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf
Motion carried 7-0.

Mr. Meginnis appeared later in the meeting. After the remaining cases had been heard, Mr. Miller stated that he would entertain a motion to reopen this case.

Motion to reopen case number 11-7-66 by Mr. Wellendorf. Second by Mr. Killian.

AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf
Motion carried 7-0.

Tom Meginnis, general contractor for the homeowner, appeared before the Board in order to request a waiver to allow the installation of a private well at 4427 S 187th St. Mr. Miller stated that the Board had heard from the Douglas County Health Department earlier in the meeting. He asked whether this proposed well had already been installed. Mr. Meginnis stated that the well had not yet been dug.

Mr. Miller stated that according to information received by The Metropolitan Utility District, MUD is in opposition to this waiver. MUD requested that this applicant be required to install a 1,100 main line extension to service their property. This extension would cost the homeowner approximately $73,000.00.

Mr. Meginnis stated that the property in question is in a development which includes approximately ten other residences. According to Mr. Meginnis, all of the other properties in this development have wells; also, the proposed property is in the middle of the development. This could greatly reduce the possibility of the homeowner being able to share the cost of the main line extension with the other residents of the development.

After some discussion, it was agreed that Mr. Meginnis needed to obtain more detailed information from Mark Masek at the Metropolitan Utility District in regards to where the main line would be extended to, and whether the surrounding neighbors would be expected to share in the cost for this extension.

Motion to hold this case over to the August 10, 2011 meeting of the Omaha Plumbing Board by Mr. Estabrook. Second by Mr. Salem.

AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf
Motion carried 7-0.

Lyle Hendrickson
Metropolitan Community College
2707 Ed Babe Gomez Av
Omaha NE 68127
REQUEST: Certification of apprentice program curriculum
49-244,246, 247

Lyle Hendrickson of Metropolitan Community College appeared before the Board to request approval of the school’s curriculum for the 2011-2012 year. Mr. Estabrook inquired as to how Metro planned to provide the additional apprentice schooling hours now required in the 2010 Omaha Plumbing Code. Mr. Hendrickson replied that the school has added additional classes which will ensure that apprentices have the requisite number of classroom hours as per the new plumbing code. Solar classes are also being offered, although these are for continuing education hours only, not for classroom hours for apprentice plumbers.

After review, Mr. Estabrook made a motion to approve the submitted curriculum. Second by Mr. Salem.

AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf
Motion carried 7-0.

11-7-69
Mike Green
Central Sales Inc
4401 S 134th St
Omaha NE 68137
REQUEST: Approval of Provider
Approval of Instructors
Approval of CEU Classes
49-215

Mike Green and Scott Green appeared before the Board. The Board Secretary stated that although Central Sales Inc did not apply for approval to teach CEU classes last year, the Board has approved them in previous years.

Motion to approve Central Sales Inc as a Provider by Mr. Estabrook. Second by Mr. Salem.

AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf
Motion carried 7-0.

The Board Secretary stated that Mike Green has been approved by the Board to teach classes on water heaters for the past two years.

Motion to approve Mike Green as an Instructor for water heater equipment by Mr. Estabrook. Second by Mr. Salem.

AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf
Motion carried 7-0.

The Board Secretary stated that Scott Green is a new applicant, and has not been previously approved to teach CEU classes. Mr. Green stated that he has taught CEU classes in other cities. This statement was backed up by Mike Green, who remarked that Scott has assisted him in teaching several classes. According to the submitted application, Scott Green has been in the plumbing field since 1994, serves on multiple certification boards, and holds a Grade VI water operator’s license with the State of Nebraska. Mr. Miller asked whether the Plumbing Division was familiar with this applicant. Mr. Virgil replied that he had attended some of Scott’s classes, and the Plumbing Division had no objections towards Scott becoming an approved Instructor.
Motion to approve Scott Green as an Instructor for water heater equipment and PVC pipe by Mr. Estabrook. Second by Mr. Salem.

AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf

Motion carried 7-0.

Finally, the Board reviewed the submitted class materials. Central Sales Inc wishes to give a total of three classes. After reviewing the submitted materials, it was agreed that the Plumbing Division would audit Scott Green’s tankless water heater class.

Motion to approve two 2-hour CEU classes and one 1 hour CEU class as submitted by Mr. Estabrook, with the stipulation that Scott Green’s 2 hour class must be audited by the Plumbing Division. Second by Mr. Salem.

AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf

Motion carried 7-0.

11-7-70
Craig Linnenbrink
Curt Hofer & Assoc.
2332 Bob Boozer Dr
Omaha NE 68130

REQUEST: Variance of section 49-1518, Water Service

Craig Linnenbrink with Curt Hofer & Assoc. appeared before the Board to request permission to use 1½” HDPE pipe for a new water service. He stated that the water service is for a new home currently under construction; the line will be approximately 400 ft long and will run from the road through the remains of a foundation from a previously existing home that was demolished. Mr. Estabrook inquired as to what type of service line the demolished home had. Mr. Linnenbrink stated that the demolished home had an existing well.

Mr. Estabrook inquired as to whether this line would be trenched or bored. Mr. Linnenbrink replied that this line would be trenched. Mr. Virgil stated that the Plumbing Board has allowed HDPE pipe to be used for this application in the past; however, it was granted only in cases where soil conditions would cause damage to copper piping. Without proof that such conditions existed, the Plumbing Division would not support this waiver request.

Mr. Reed agreed with Mr. Virgil, and added that in the few cases where the Board has granted such a waiver, it has required that the product be bored, not trenched. Mr. Miller stated that the Board also usually requires proof that there is some major obstacle present, such as a creek or culvert, which presents a hardship in installing the required copper material.

Mr. Linnenbrink asked if the Board would be more inclined to grant his request if he bored the piping into place. Mr. Reed stated that in this case there doesn’t appear to be any need to bore this line into place. Mr. Miller inquired as to the rubble from the demolished home that the new water line will run through, and asked whether this rubble would present any kind of hardship in the installation of the new main line. Mr. Linnenbrink stated that he was not sure at this time whether the debris would present a problem; at this time, the foundation is caved in. Mr. Miller stated that if Mr. Linnenbrink could show the Board that there were corrosive soil conditions or some other kind of hardship present, then the Board might be more willing to grant him a waiver. However, given the facts presented, Mr. Miller stated that he would entertain a motion to deny this request.

Motion to deny by Mr. Estabrook. Second by Mr. Salem.

AYES: Barrett, Estabrook, Miller, Reed, Salem

NAYS: Killian, Wellendorf

Motion carried 5-2. Request denied.
Ronald Feuerbach of Morrissey Engineering appeared before the Board to request a variance of Article I, section 49-1101, grease interceptors. Mr. Feuerbach stated that Mutual of Omaha is currently doing some renovation work to their food court area. Mr. Feuerbach stated that the Chick-fil-A which will be moving to a new location in this food court. Currently, the restaurant has a lease with a grease removal company. Mr. Feuerbach submitted a copy of the lease agreement with this company for the Board’s records.

Mr. Virgil stated that the Plumbing Division felt that since the restaurant is only moving location, and not changing operation, they had no objection to this waiver.

Motion to approve requested variance of grease interceptor for the Chick-fil-A restaurant located at 3333 Farnam St by Mr. Killian. This variance is for this business only, and for this location only. Second by Mr. Wellendorf.

AYES: Barrett, Estabrook, Killian, Miller, Salem, Wellendorf
ABSTAIN: Reed

Motion carried 6-0-1.
Clayton L Harvey III appeared before the Board. Mr. Harvey has never been registered as an apprentice plumber in Omaha. He has passed the UPC test, and currently holds licenses in Iowa and Bellevue, NE. Mr. Miller inquired as to why Mr. Harvey never registered to work in Omaha. Mr. Harvey replied that his employer would not register him.

Mr. Estabrook inquired as to whether Mr. Harvey attended plumbing school. Mr. Miller stated that the application file shows that Mr. Harvey has completed a total of 592 hours of classroom instruction at Metropolitan Community College. However, because Mr. Harvey was never registered as an Omaha apprentice, he must meet the requirements of the 2010 plumbing code, which require more schooling and on-the-job hours. Mr. Miller stated that as per the requirements of this code, Mr. Harvey is short on schooling. Mr. Killian suggested that this request be denied on the grounds that Mr. Harvey has not completed the required number of school hours. Mr. Harvey could also request to take the Plumbing Division’s placement examination. Mr. Harvey indicated that he would be willing to complete additional school hours.

Motion to deny by Mr. Estabrook. Second by Mr. Salem.

Lewis P Kalhorn  From 4/27/2011  Jimmy’s Plumbing Inc
102 Jefferson St  17609 Storage Rd #1D2
Waterloo NE 68069  Omaha NE 68136

Lewis P. Kalhorn appeared before the Board. Mr. Kalhorn appeared before the Board previously on April 27th, 2011. At that meeting, his request to take the journeyman examination was held over due to a shortage of schooling hours. Mr. Kalhorn has now completed the required number of school hours as per the 2010 plumbing code.

After some discussion, Mr. Miller stated that Mr. Kalhorn had complied with the Board’s requirement to finish out his schooling hours. He stated that he would entertain a motion to approve Mr. Kalhorn for the journeyman examination.

Motion to approve by Mr. Reed. Second by Mr. Wellendorf.

AYES: Barrett, Killian, Miller, Reed, Wellendorf

Duncan V Caldwell  
540 W 200 S  
Veedersburg IN 47987  

Duncan Caldwell appeared before the Board. Mr. Caldwell currently lives in Indiana and is looking to relocate to the Omaha area. He completed his plumbing training in England, and has also worked in Australia. Mr. Virgil stated that Mr. Caldwell contacted the Plumbing Division approximately six months ago to find out about Omaha licensing requirements. Since that time, the Plumbing Division has done quite a bit of research into the training that Mr. Caldwell received in England. He concluded that Mr. Caldwell’s work history and training meet Omaha’s requirements to test for licensure. The Plumbing Division recommended that the Board approve Mr. Caldwell to take the journeyman plumber examination.

Motion to approve by Mr. Reed. Second by Mr. Wellendorf.

VII. *Master Plumber Examination Applications*

Gregory E Blake  
From 4/27/2011  
6004 County Road 2516  
Royse City TX 75189  

Mr. Blake was not present. The Board Secretary stated that she had attempted to contact Mr. Blake twice in order to see if he was still interested in taking the Omaha master plumber examination. She received no response. Mr. Miller stated that this application was held over from the April 27, 2011 meeting and added that he would entertain a motion to file this request.

Motion to file by Mr. Estabrook. Second by Mr. Salem.  
AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf  

Motion carried 7-0.

Clarence E Robinson  
16315 Madison  
Omaha NE 68135  

Clarence E. Robinson appeared before the Board to request approval to take the Omaha master plumber examination. Mr. Robinson currently holds a master plumber license in the city of St. Louis. He is also licensed to work in the surrounding county. Mr. Robinson went through a five year apprenticeship program in St. Louis. He has ten years of experience in the field.

Mr. Estabrook inquired as to the type of test that St. Louis uses for licensure. Mr. Robinson replied that St. Louis uses UPC and IPC testing; additionally, he was required to take a separate master plumber examination in order to be licensed to work in the county. When asked, Mr. Robinson described the various things that were covered in his master plumber examinations. Mr. Miller remarked that according to the application file, Mr. Robinson has more than 16,000 hours of experience.

Mr. Barrett stated his concern at St. Louis’ use of UPC testing. Mr. Killian stated that St. Louis is a smaller city than Omaha, and might not be considered to be equivalent in size and requirements. Mr. Miller countered, stating that Lincoln is a smaller city than Omaha; yet the Board typically considers Lincoln to be comparable in their reviews of journeyman plumbing
examination applications. Mr. Killian inquired whether the Board felt comfortable allowing Mr. Robinson to skip journeyman licensing in Omaha and test for master. Mr. Estabrook replied in the negative.

Mr. Estabrook asked Mr. Virgil for the Plumbing Division’s opinion on this application. Mr. Virgil replied that the Plumbing Division feels that Mr. Robinson is qualified to test; he holds a master plumber license in a city of equivalent size. He recommended that the Board approve Mr. Robinson to take the master plumber examination as requested.

Mr. Miller asked Mr. Robinson how many years he held a journeyman plumber license in St. Louis before testing for master plumber. Mr. Robinson replied that he had a journeyman’s license for five years.

Mr. Reed stated that the Board generally does not approve out-of-jurisdiction plumbers to take the master plumber examination in Omaha, although a few exceptions have been made in cases where the applicant has been able to prove that they greatly exceed the requirements to test for licensure. He added that the Board has allowed such applicants to take the journeyman plumber examination in the past. Mr. Barrett agreed with Mr. Reed’s statement.

Motion to approve for master plumber examination by Mr. Reed. Second by Mr. Killian.

AYES: Killian, Reed, Wellendorf
NAYS: Barrett, Estabrook, Miller, Salem

Motion failed 3-4. Request denied.

Mr. Robinson asked whether the Board would be willing to allow him to take the journeyman plumber examination in August instead of the master plumber examination. Mr. Miller stated that he did not complete the application for a journeyman examination. The Board Secretary stated that journeyman and master plumber examination applicants use the same form to apply for testing.

Motion by Mr. Reed to allow Clarence E Robinson to take the journeyman plumber examination. Second by Mr. Salem.

*Following this motion, it was pointed out that this case was currently closed and was not open for another motion. A vote was needed to reopen the case for consideration.*

Motion to reopen case by Mr. Estabrook. Second by Mr. Salem

The Board Secretary stated that Mr. Johnson is requesting to renew his apprentice license so that he may work for MDK Plumbing Inc. MDK Plumbing Inc did turn in paperwork to have an approve apprenticeship program. However, this request later was placed on file because the master plumber failed to appear before the Board at two consecutive meetings. Therefore, MDK Plumbing Inc cannot take on apprentices at this time. In order to renew his apprentice plumber license, Mr. Johnson must be employed by a shop with an approved apprentice program.

Based on this information, Mr. Estabrook made a motion to place Mr. Johnson’s request for apprentice license renewal on file. Second by Mr. Salem.

IX. Discussion

- The Board discussed a recent request made by David Fiscus. Mr. Fiscus is a water conditioning contractor who recently received an extension to complete his missing 2010 continuing education hours. Mr. Virgil stated that Mr. Fiscus has remained in contact with the Plumbing Division since receiving an extension; however, there haven’t been any classes scheduled which were open to water conditioning contractors since his appearance before the Plumbing Board. Mr. Virgil asked the Board whether they would be willing to grant Mr. Fiscus a further extension based on the lack of available CEU classes. After some discussion, the Board declined to vote on this request for a further extension. However, they agreed that Mr. Fiscus has been trying to complete his hours. After some additional discussion, The Board came to the consensus that Mr. Fiscus should try to get these hours made up as soon as possible.

- The Board discussed upcoming changes to Plumbing Board policies and procedures.

- Mr. Virgil brought a request from the Plumbing Division to hold a hearing for revocation or suspension of license for Thomas Walz of WP Plumbing LLC. Mr. Virgil read the affidavit sworn by Robert Horan, City of Omaha plumbing inspector. Following the reading of this affidavit, Mr. Reed made a motion to hold a hearing for the possible revocation or suspension of license for Thomas Walz. This hearing is to take place at the August 24, 2011 meeting of the Omaha Plumbing Board. Second by Mr. Estabrook.

  AYES: Barrett, Estabrook, Killian, Miller, Reed, Salem, Wellendorf

  Motion carried 7-0. Mr. Walz will be notified by certified mail to appear at the August 24, 2011 hearing.

- The Board Secretary stated that she will not be present at the next meeting of the Board, scheduled to take place on August 10th. She will be on vacation from August 3rd through August 15th. Linda Frink will cover the August 10th meeting in her place.

- Pat Leddy of Plumbers Local 16 appeared before the Board. He applied for today’s agenda yesterday morning but was unable to be scheduled due to the fact that the deadline for this meeting had passed. The Board agreed to hear his request as a discussion item instead. Mr. Leddy stated that Local 16 plans to hold their annual backflow classes in September for union members. These instructors for these classes have already been approved this year by the Board. When asked, Mr. Leddy stated that these classes are substantively the same as what the Board approved in years past; Local 16 requested to renew the Board’s approval for the class materials. Mr. Leddy submitted a copy of the agenda for this class for the Board’s review.

  After some discussion, Mr. Reed made a motion to approve one 4-hour backflow continuing education class as submitted. Second by Mr. Salem.
